WORKERS COMPENSATION CLAIM PROFESSIONAL

## **Course Details**

### **Workers' Compensation Claim Professional**

#### **CA 16B: Permanent Disability & AMA Guide Advanced**

Advanced course covers permanent disability rating of complex and non-scheduled disabilities. The methodology of rating permanent disabilities from impairments taken from the AMA Guide. Course provides an overview of the fine points of rating including concepts, terms, and procedures. Also included are pain rating add-ons, bilateral, ambidextrous, MDT, overlapping and other multiple disabilities and review work on the utilization of information outside of the schedule, including administrative protocols for physicians, lawyers and other resources.

#### **CA 17: Labor Law and Current Case Law**

Program involves a thorough review and discussion of all sections of the labor code applicable to workers' compensation laws in the State of California. Current case law will also be discussed in conjunction with questions of injury, AOE/COE, TD, PD, death benefits, S & W, 132A, and subrogation. Additional areas of the labor code relative to statutes, penalties, practices and procedures are also included. This course is of assistance in preparing for the State of California Self-Insurance Workers' Compensation Administrator's examination.

#### **CA 20: Advanced Issues in Workers' Compensation**

This program involves claims personnel in important subjects and issues that provide workers' compensation claims professionals with a broad understanding of how their activities affect the insurance business as a whole. Students will gain a basic understanding of the following core topics: macro workers' compensation issues, bad faith, employer bill of rights and civil litigation, underwriting techniques and issues, medical management, employment and labor law, and managing risk.
